# Creating networks for patient safety

### How will this session inspire your quality and patient safety work?

Hear how to support integrated care pathways through network weaving.

Learn what a network weaver is and how to get started.

Discover how to create safe spaces for psychological safety and effective collaboration.

Understand the ripple effects of small, but consistent network habits.

**Joriam Ramos**  
Q Community Convener

Joriam Ramos is a member of the Q Community and is the Convener for the group.

Bringing a wealth of expertise as a networks specialist and former Catalyst at Enspirial his specialties are human connection, enthusiasm management and fostering meaningful conversations with people within healthcare and the Q Community.

**Hilda Campbell MBE**  
CEO, COPE Scotland

Hilda's academic background is in Social Sciences and her professional background is in mental health nursing, ongoing CPD in leadership, community development, co design, and production. With the voices of lived experience and communities she established the Charity COPE Scotland. COPE Seeks to work with others collaboratively and not competitively to build a kinder, fairer healthier world where the people and the planet suffer less.

**Dr. Maureen Flynn**  
Director of Nursing and QPS Lead ONMSD

Maureen is a Director of Nursing, QPS Lead, National Clinical Programmes Liaison and National Lead for Nurse Referral for Radiological Procedures in the HSE Office of the Nursing and Midwifery Services. Maureen is passionate about patient safety and quality improvement, care for people providing and receiving quality care and networking and connecting for learning. She is a Q Community member and a member of the Q Community Advisory Board.

## Co-Host

**Juanita Guidera,**  
Programme Manager - Staff Engagement for Quality with the National Quality and Patient Safety Directorate.

## National Quality and Patient Safety Directorate

The National QPS Directorate provides a regular lunch time, one hour webinar series, focusing on quality safety and improvement. Running approximately every two weeks (in term time), it is open to all those interested in improving quality. Join individually or together as a group to assist in building your own local QPS networks.
