Everyone needs a medicines list for safety

How do we achieve this?

What will we explore in this session?

- Learn how keeping a medicines list and the “Know Check Ask” campaign can improve patient safety
- Gain an insight into the introduction of this initiative for vulnerable patients on an adult mental health ward in the Phoenix Care Centre
- Hear about the translation of the medicines list in over 40 languages
- Launch of the new Medication Safety video which is a step by step guide on how to complete your list and other resources
